

PRITISH DIGHORE

Software Engineer | Java Developer | Full Stack Developer
+917385183976 | pritishdighore@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in Java, Spring Boot, React.js, REST APIs, and SQL databases. Skilled in developing scalable web applications, integrating backend services, and building responsive user interfaces. Familiar with Agile methodologies, GitHub, Postman, and software testing practices. Strong problem-solving abilities with a passion for learning new technologies and contributing to high-quality software development

INTERNSHIP EXPERIENCE

Trainee Software Engineer – SETTribе IT Soutions, Pune

Nov 2025 - May 2026 (Remote)

- Developed full-stack features for two web applications using React.js and Spring Boot, following SDLC and Agile methodologies.
- Created dynamic forms and integrated them with MySQL databases through REST APIs, performing functional and API testing with Postman to validate endpoints before release.
- Built and enhanced dashboard functionalities, ensuring functional accuracy and a defect-free user experience through manual testing and bug fixes.
- Used GitHub (Git Issues, feature branches) for task management, version control, and collaborative code reviews.
- Assisted in debugging application issues, resolving defects, and participating in peer code reviews to improve software quality.

PROJECTS

RIDEVA - Self Drive Vehicle Renting System

GitHub

- Developed a full-stack vehicle rental platform with role-based authentication, real-time availability tracking, and REST API integration, improving booking efficiency.
- Designed and implemented role-based dashboards for Admin, Vehicle Owners, and Users, including booking workflows and vehicle CRUD operations.
- Built and validated RESTful APIs using Spring Boot, integrating Hibernate/JPA for efficient database management.
- Performed functional and API testing across booking, authentication, and CRUD workflows using Postman.

Tech Stack: Spring Boot, React.js, MySQL, Hibernate/JPA, REST APIs

Personal Portfolio Website

GitHub | Live

- Designed and developed a responsive portfolio website to showcase projects, skills, and experience.
- Implemented modern UI design with optimized performance across devices.

Tech Stack: React.js, CSS3, JavaScript

FoodKing - Online Food Ordering System

GitHub | Live

- Developed a dynamic frontend food ordering system with client-side state management using Local Storage.
- Optimized user experience through real-time cart updates, responsive UI, and form validation logic.

Tech Stack: HTML5, CSS3, JavaScript, JSON, Local Storage

Technical Skills

Languages: Java, SQL, JavaScript, TypeScript
Frontend: HTML5, CSS3, React.js, Angular, Bootstrap
Backend: Spring Boot, Hibernate, REST APIs
Databases: Oracle, MySQL, MongoDB
Tools & Practices: Git/GitHub, Postman, VS Code, Eclipse, Netlify

EDUCATION

B. Tech in Computer Science and Engineering - Rashtrasant Tukadoji Maharaj Nagpur University

Nagpur, India

CGPA: 7.51 / 10.0 (75.1%)

Dec. 2021 - June 2025

HSC(12th) - Maharashtra State Board Percentage: 78%

2021

SSC(10th) - Maharashtra State Board Percentage: 77%

2019

CERTIFICATIONS & TRAINING

Full Stack Java Development Trainee - SEED Infotech LTD, Pune

July 2025 – Feb 2026

- Completed a structured full-stack development program covering Java, Spring Boot, databases, REST APIs, and web technologies through hands-on assignments.

ACHIEVEMENTS & EXTRA-CURRICULAR

Committee Head - TECHTRIX-2K25 (College Technical Event), demonstrating leadership, teamwork, and event coordination.
